Product:

Hakko 850/852 Rework Fixture

Part No:

C1392B

Specification:

Part No.	C1392B
Dimensions	160(W) x 302(H) x 295(D) mm 6.3(W) x 11.9(H) x 11.6(D) in.
Weight	4.6kg (10.1 lbs.)
Base Depth	190mm (7.5 in.)
Stroke	33.5mm (1.31 in.)
Max Board Depth	400mm (15.7 in.)
ESD Safe	YES (with grounding wire)

Comments:

The Hakko C1392B Rework fixture is designed for use with the Hakko 850 or Hakko 852 Hot Air Rework System, either alone or together with the Hakko 853 Pre-Heater and Hakko C1390 Omnivise Board Holders.

The new design features a smoother lever-action stroke with an adjustable stop to help prevent unnecessary pressure being applied to the board and nozzle, an adjustable vertical height for greater flexibility, and a more secure holder for the 850/852 handpiece.

The operating lever can be fixed to either the left or right side of the fixture to accommodate the operator.

The C1392B Rework Fixture requires some assembly.

Accessories:

- Four (4) Allen Wrenches – Sizes 2.5mm, 3mm, 4mm, and 6mm (for assembly)
- Grounding Wire with alligator clip

Available:

February 25, 2000
